

USB #flushyourmeds Scott Barry ... ;
By Scott A. Barry / Scott A Barry / Scott Barry ... ;

Talmudic Jews created Prussian Model School to
Brainwash GOYS ... ; Prussian Model Schools are only there
to brainwash you on WWII with the fake Victor Version of
History whilst B'nai B'rith of the ADL a Jew Only Secret
Society gets the correct history ... ; Your Public School
Teachers of the Ninetys and So ON were all Liberal
Communist Marxist Leftist Bullies who went after students
if they were dumb enough to bring up politics and get body
slammed by school superintendent who believed ("Global
Warming was Manmade.") ... ; The Protocols of the Learned
Elders of ZION is The PDF File ... ; The Odom Manifesto PDF
is The Second PDF File that does it ... ; Antipsychiatry
dot org > Archive > Twenty Five Reasons ... ; CCHR dot org
> Request > Free Info Pack for All To Read ... ; Running
Tor Browser Inside of Linux LUKS Windowed was what worked
well so did doing it in Virtualbox with Lubuntu 1804 as a
LIVE OS uninstalled with 4MiB for the Storage ... ;
The Brave Browser kept giving me bad nodes and what I did
was Spoof the Mac Address to ("fabaf05a001122334400f4-")
9999 888844 44444 1111 456011 0000 na null flush meds ... ;
The Three Platforms for More Power are Arch Linux Arco
Manjaro, BSD, NOMADBSD, GhostBSD, Solaris, and that is it,
this gives you power over your computer along with
Virtualbox, Kali Linux, Parrot Security OS, Pentoo, Skywave
Linux, Puppy Linux , -K-ubuntu-, Stop it with Disk ROT ... ;
Lubuntu 1804 is another option, so is Calculate Linux, then
Slitaz, then Tincore, then Watt OS, then the three main
ones that that give you total power over all computers
Linux, BSD, Solaris, those two do everything you need and
then some ... ; As for USB devices, One Burner Phone
Degoogled Graphene OS, one other Phone or SAT Phone that
supports Degoogling and SMS, then maybe a tablet, which is
kind of not needed as a Burner already works as a better
tablet anyways, why waste power anyways ... ;
Now CB and HAM Radios draw a lot of AMPS, so does other
crap, the only way to power that, a DC Motor hooked in frot
to a AC Generator hooked to a Step UP Transformer and then
some you can even power dead flourescents with a high
voltage source e.g. flybacks Also known Idiot Lights ... ;

This Anarchy File is extremely dangerous PSA do not be R****D, live a coddled lifestyle, proof over the internet and publish it to the United States Patent Office and Print on Demand, and let the Talmudic Zionist Martian Jews Censor all of it along with Holocaust Denial which is still illegal in sixteen countries ... ;
As for script kiddie **** do not use Tor With Kali on other peoples emails and other things like that, be ethical, respect property. ;
Even if you use a virtualbox machine you will still be logged ... ;
The government always has your mac address even if spoofed ... ;
It's called Sheriff's Dept Freemasons, they do all the stalking ... ;
As for the five volt source, there are not much options, if you live in an HOA, you are not allowed to own certain property, all you have is probably solar with cathode hooked to an antenna and anode hooked to gnd which you can do with fluorescents making a negative resistance, RH Negative Holotropic Thinkers who realize the Holocaust Never Happened get put on the Patriot Act WL to be Gang Stalked ... ;
So never be a R****D and go out and make an Earth Battery, that would be dumb, instead hide everything in a lock box, limit yourself to just two lock boxes, carry keys with at all times, Get yourself a Sling Back Pack with all your important Hygiene and everything for when SHTF happens ... ;
This British Crown Colony called USA was extended by The Patriot Act which means if you live in an HOA they will tell you when you are allowed to open windows, turn on and off lights other stuff such as a computer,

you are not allowed privacy in your home, the sheriff's
dept is illegally
stalking you and they will verbally mobb you via voice to
skull tech,
again this discourages you from doing anything and thats
what they want
they want the society to be very docile, I just looked at
my neighbors
today and noticed that all of them were british and not
normal Americans
this Zersetzung Stasis is there keep society Docile and
Manageable, and
you guessed it, there is no water crisis there is primary
water and you
guessed it, global warming is not man made, those liberal
agencies are
only adding more and more to inflation, gas prices,
electric bills ... ;
They want us Docile, Stupid, Pliable, Manageable, Servile,
Controllable,
that is what the Secret Governmet Zionist Talmud Jew Mafia
all wants ... ;
Now you have Saline Tanks that have a vent for Hydrogen
GAS, a Carbide
Aluminum Anode minus and Copper Cathode plus this you would
need more than
ten of them with vents made from jars or whatever just to
make five volts,
This is your USB power and Sat Phone Power, they keep this
secret, they
also Keep Solid State Memory away from the goys, we end up
using Ten
USB Flash Drives, Cfast CF Cards, Solid State Drives, with
Exfat,
and Fat32 File Systems, Then the Jew Military has every
good solid state
memory that is more reliable, they keep that near Military
Vents which
are inside and part of the Deep Underground Military Bases
that they
keep entire copies of the internet and stuff we are not
allowed to see

and that is the other Area Fifty One we are not allowed to view or see,
they even block you from remote viewing it just as they do Sfour and
Area Fifty One in Nevada and New Mexico to control the Docile Goyim ... ;
Everything is going exactly to the ODOM Manifesto and Protoocls of Zion
PDF files and we as a species are screwed bless Nihlism Period ... ;
this would have to be hidden, your stalkers would only allow this public
nuisance in a perfect world, again this is not a perfect world, in an HOA
you are illegally stalked and harrassed all the time, they even record other
targets having sex with their partners and share this voyeurism garbage
material on various peer2peer networks your freemasonic sheriff's dept,
did I say you have the ability to do anything in a HOA, no you do not without
being mobbed and harassed by neighbors that do not like you because of your
politics and that you believe masks and jabs for covid do not work and that
global warming is a hoax, they go after you for that, they have a profile on
you, many targets already had a thourough smear campaign put on them, so agian
none of this is new, they control the entire press, they control GOOGLE and
every single search engine except for TOR I2P and The Dark Web, so again
you have to just deal with it, in a perfect world we would not be behind
technologically or behind in any way, America is actually a British Crown
Colony Corporation, we never won the war of Independence with the british and
America is owned by a foreign entity Secret Court called the District of

Columbia and we always were an oppressive dictatorship, why is auditing a post office with a camera an act that would get you beat up and or killed by the Thurston County Sheriff's department, only because we are a dictatorship, and simply that the poster says it is public property and there are cameras everywhere recording anyways yet a few karens will attack you and kill you. Also USB Power Maybe Saline Taks is too much of a nuisance so maybe just get some DCELLS and make it a Negative Resistor Somehow by Filing the Terminals from time to time and get many of them, same physics concept that seems to work. They cant control the population completely, we already know that there are through wall cameras installed in our houses by The Freemason Sheriff's Departments that are all guilty of Child Exploitation and the trafficking of Steroids and Meth at all of their Freemasonic Lodges that they go to, because only GOD can make you a better person and not the Freemasons and I am skeptical of most things and Me and the ODOM Manifesto both realize Martains Destroyed Earth along with Radical Zionist Talmudic Jews who run all the Banks, so we ignore Television, Radio, even Shortwave owned by the Chinese and we connect person to person on Mainly IRC and SMS and Telegram and Jitsi and Signal and mainly that is it, that is how we communicate so far Holotropic realize The Holocaust is a Hoax, Global Warming is a Hoax, Diversity and Equity and Inclusion and Multiculturalism is all Jewish Communist Marxism, Masks and Vaxx Do Not Work. ; So that is how we go with that, I have been banned so far from Lulu and Blurb

legally for bad intellectual property, YouTube flags you just for saying JEW
same with Mastodon, Github and Gblab now have woke code policies which now
people moved to Bitbucket or their own Independent Gits that they host on
their own Home Server port forwarded to their ISP Bill, be it a Playstation,
Wii or Raspberry Pi can work for any server esp if you copy it over to the
three archivers Permacc archivetoday webarchiveorg and that settles it well. ;
The gay agenda is messing everything up and only making things worse, what worse
than a bunch of p*****e f*****s in the Sheriff's depart is they are HOMO, yet
they are calling other people HOMO and drug dealer addict etc to smear and slander
their character and they do this all the time to normal heterosexual white people
who are totally normal white heterosexual, just normal working class citizens, this
kind of crap done by the Jew Freemasonic Sheriff's Department of our ZOG government
is called a smear campaigning or defamation of character what you find out is the
NARC is just as guilty of those sins and is doing a smear campaigning when they themselves
our corrupt Sheriff's DEPT of HOMOS who traffick steroids and meth and exploit kids
in Freemasonic Lodges these people are just as guilty of what they are accusing others
of doing and this defamation of character never comes to court as a lawsuit simply
because, Zionist Radical Communist Talmudic Jews have taken over every faction of
Banking and Government, Opened American Borders letting several illegals into the
country doing more harm than good, and now with Joe Biden we are replacing transformers
with cheap chinese transformers instead of good American ones thus increasing the price

of electricity bills and adding to the US National Debt,
Housing is no longer affordable,
then you have more and more inflation along with a bigger
US National Debt, this planet
Called Earth, so pointless to live on, the only good
Zionist was maybe Trump, but that
was the only thing on the ballot, so again, this whole
thing SHTF is now here to stay
and we see all these Rainbow Flags all over WA state and it
is a joke, you literally have
actual HOMOS and Trans People which is a Form of MKULTRA
Mind Control this kind of crap
is only that of Jewish Marxism, this kind of crap is pure
maloteny, pure utter crap ... ;
